Unions Hand Ultimatum To Railroads Discussion Among Chiefs Nearly Ended

MANAGERS GIVEN FURTHER TIME Conference Adjourns Until Wednesday To Allow Further Discussion.

Time For Parleying Is Over Unless Railroads Modify Plans, Is Warning..

NEW YORK, Aug. 8.—The 400 railway employees of the country—engineers, conductors, firemen and trainmen—today, through the chiefs of their four brotherhoods, placed before the managers of the railroads the question as to whether the roads were willing to grant their demands for an eight hour day and time and a half pay for overtime or submit to a strike.

The result of the strike vote taken among the employees during the last month was presented to the national conference committee of railroad managers and showed that an overwhelming majority were in favor of authorizing their chiefs to call a strike.

The railroad managers gave no definite answer to the renewed demands of the men today, and it was agreed to adjourn until tomorrow morning to give the managers time for further discussion. A. R. Garretson, president of the Order of Railway Conductors, notified the managers that the time for parleying was over unless the roads were prepared to present a modified proposition.

Ready to Hear Proposition.
"If you are ready to prepare a modified proposition," said Mr. Garretson, "we are ready to discuss it."

Elmer Lee, for the railroads, said: "I am not going to answer your questions now, in a definite form. I will take them up with the managers, together with the result of the strike ballot and all that appertains to it. Whether we have a proposition will develop by our discussion."

Mr. Garretson interrupted to say:
No Definite Proposition Yet.

"I want you to bear in mind that your committee has not once brought us anything resembling a definite proposition."

The managers objected to the inclusion in the figures of the vote on roads not represented in the conference, but were informed by the union chiefs that the four brotherhoods were fighting for every railroad employee throughout the country as a matter of principle. They insisted on including these figures.

Discuss Vote of Individual Roads.
The managers also asked if the vote by individual railroads would be shown but in reply to this, the brotherhood chiefs said that if the roads were willing to make public the returns on the vote taken some time ago by the roads themselves among their employees, the unions would gladly furnish their figures.

PROHIBITIONIST CHIEFS NOTIFIED Notification Speech Is Devoted to Decrying Evils of Liquor Traffic.

Indianapolis, Ind., Aug. 8.—Preceding the ceremonies officially notifying J. Frank Hanly, former governor of Indiana, and Dr. Ira Landrith, of Boston, of their nominations for president and vice president, respectively, by the national convention of the Prohibition party, the national committee and the campaign committee of the party met here this morning to begin plans for the coming campaign.

Robert H. Patton, Prohibition state chairman of Illinois, notified Mr. Hanly of his nomination, and Oliver W. Stewart of Indianapolis informed Dr. Landrith.

Liquor Traffic Produces Evil.
Mr. Patton said: "That the liquor traffic produces evil consequences, and only evil, and that its legalization for revenue is wrong is no longer an open question. No one defends it and even the tradesmen are crying out for help to curb its evil tendencies."

"We have placed the lives of our own citizens upon the auction block until mankind is tempted to expect that 60 percent of those who serve the country in the army and navy are physically incompetent to serve."

Summarizing effects of the use of liquor, Mr. Patton said: "A million men in our country, according to modern science have acquired an irresistible disease in their appetite for strong drink which fastens upon them more the galling chains that bound the black man of the south. The present system of dealing with the liquor problem gives happiness to no one."

DEFENDS WILSON'S POLICY Representative Harrison Speaks in House for His Chief.

Washington, D. C., Aug. 8.—Replying to Republican criticisms of president Wilson's policy in the house today, representative Harrison of Mississippi declared that the attacks were prompted by a desire to create a false campaign issue rather than to see the policy changed.

Mr. Harrison mentioned particularly former justice Hughes's speech accepting the Republican nomination and speeches in congress by senator A. B. Hall and representative Rodenberg of Illinois. He interpreted Mr. Hughes's statements as meaning that he would have recognized Huerta, would not have issued munitions embargo, and would have intervened in Mexico.

"If Mr. Hughes was president," he added, "the country would be at war, and instead of a sky reflecting the color from the furnaces of prosperous industry, it would be reflecting the red streams of blood from the battle front."

Landing Blood Sealing Dodge.
In answer to a statement by representative Rodenberg that the embargo on munitions was lifted shortly after a visit to secretary Lansing by Cleveland H. Dodge, a munitions manufacturer and a large contributor to the Democratic campaign fund in 1912, Mr. Harrison read a telegram from the secretary saying he had never seen Mr. Dodge. The telegram also said the permit for the shipment of certain munitions belonging to the Dodge company which had been held up at Douglas, Ariz., was issued ten days prior to the Parry fight instead of soon after it, as Mr. Rodenberg had declared.

NEW MEXICO DEMOCRATS MAY NOMINATE DR. SHULER

Santa Fe, N. M., Aug. 8.—Democratic hopes, it is said, are now crystallizing upon Dr. J. J. Shuler of Raton, for the gubernatorial nomination. He is definitely stated that Dr. Shuler would accept the nomination if it is tendered by a united party, just as definitely as it can be stated that Gov. McInerney is not a candidate for reelection and that L. B. Putney would not accept of the nomination. Attorney Isaac Barth and E. C. de Baca are the only other Democratic possibilities and the last named it is understood only in case the doctor should refuse to have his name put in.

The War At a Glance

BOTH at Verdun and on the Somme front in northern France the opposing armies are engaged in almost continuous fighting. The advantage at Verdun seems, for the time being, to rest with the Germans, while along the Somme the entire force appear the decided gainers.

Paris today reports the success of an operation conducted in conjunction with the British north of the Somme. While Gen. Haig's forces were attacking at Guillemont the French advanced east of hill 123, north of Hardecourt.

East of Trones wood the thrust by the British carried their lines forward at some places during the night. Near the river, French troops repelled two attempts by the Germans to recapture trenches which the French took Monday.

At Verdun, the Fleury-Thiaumont sector, northeast of the fortress, the French advanced several times during the recent fighting. Elsewhere the Germans were repulsed with heavy losses, Paris announced.

Cadorna's troops, with the Italians along the Isonzo, where Gorizia is their objective, is attracting renewed attention to this field of war. Several lines of entrenchments were carried by the Italians in their initial assaults, which also secured 2600 prisoners and Vienna admits that the lost ground has been only partly recovered. Latest reports from Rome credit Gen. Cadorna with the capture of a number of additional positions.

BOSTON AWAITS U-BOAT BREMEN

Submarine Believed Sighted Monday Should Be Near Boston Today, Asserted.

Boston, Mass., Aug. 8.—While it was generally conceded that one guess was as good as another, those who argue that the German submarine Bremen will find refuge in Boston harbor were encouraged today by persistent reports that an outgoing cargo for the overhauled ship was being assembled there.

Marine observers who picket the Massachusetts coast had their glasses pointed east by northeast. They figured that if the Bremen were one of the submarines picked up off Cross Island on the Maine coast Monday afternoon, she would be in port with colors flying. It was suggested that her captain might wish to keep his course a secret.

CARRANZA ATTITUDE PLEASES WILSON

Points Proposed By U. S. To Be Discussed After Border Difficulties.

ARREDONDO SAYS CHIEF COMPLAINT

Nothing Now Stands in Way Of Negotiations, Is Administration's View.

WASHINGTON, D. C., Aug. 8.—The administration has decided to agree to Gen. Carranza's suggestion in his last note for the discussion of points of difference between the United States and Mexico by a commission of six members and will proceed at once to the selection of three American representatives.

This will be done on the understanding that after the points proposed by Gen. Carranza are disposed of, other questions will be taken up.

Discuss Border Troubles First.
The Carranza government wants to take up the border situation first through the proposed joint international commission, but is willing that other matters should be discussed later. Elmer Arredondo, ambassador designate, so outlined the Mexican attitude today to acting secretary Polk, who took the information to the cabinet meeting.

It was indicated that state department officials were satisfied with the situation and the appointment of American commissioners might be expected any time.

Means Complete Compliance.
Mr. Arredondo assured acting secretary Polk that Gen. Carranza's statement in his last note that the commissioners "preferably" would discuss the subjects outlined in the original proposal meant that preference would be given to the border situation but that other questions were not excluded. He said also that he regarded the last Mexican note as one of complete compliance with American suggestions, and it was on that basis that Dr. Polk took the matter to the cabinet.

MEXICANS MUST BE VACCINATED BEFORE THEY CAN CROSS BRIDGE

Starting August 15, Mexicans crossing to El Paso will be required, on the Juarez side, to show certificates of vaccination, according to an order issued Monday by Dr. B. Castillo, agent of the federal board of health at Juarez.

A free vaccination office will be established in the custom house building, where free treatment will be given all those desiring certificates.

The new order will remain in force while the conditions justifying it continue," Dr. Castillo's circular says.
